“Helping you to care”

BBS Revolution™

The Next Generation Bladder Scanner

BBS Revolution™ is a new fully automated bladder scanner that introduces a unique user-friendly design with numerous advanced features for significant clinical benefits.

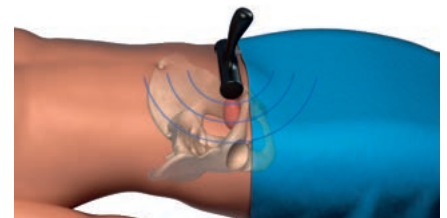

- Unprecedented ease of use
- Wireless scanning probe
- Sophisticated imaging technology
- Automatic bladder location
- Male/female anatomy detection
- Fast bladder volume measurements
- Accurate results you can trust
- Minimum training required
- CE 0120, FDA cleared
- Comprehensive warranty
- Unprecedented value for money

BBS Revolution™ **improves user efficiency and reduces costs**, when compared to other bladder scanners on the market. Made in the USA by dBMEDx.

BBS Revolution™ Clinical Benefits

- Helps to prevent unnecessary catheterisation
- Empowers front line nurses and infection control teams
- Rapid measurements improve patient satisfaction
- Easy to clean wireless probe reduces contamination risk
- Fast and accurate scanning helps to reduce waiting lists
- Portability and ease of use improve scanner utilisation
